

Metallic Clamps for special flanges

Information:

Our metallic clamps allow a perfect tightening for special flanges. They can be made according with the costumer's drawing and completely costumized.

Structure:

- Internal profile for clamping in INCONEL 718
- Outer ring in sheet metal AISI316L
- Screws and clamping system in stainless steel AISI316L

A (Max)	ØB (Max)	ØC (Max)	D (Max)
90.6	60.6	69.6	34.8
102.9	66.9	75.9	38
